

Privacy Policy

Customer Privacy and Protection

YOUR PRIVACY IS AS IMPORTANT TO US AS YOUR CUSTOM

email addresses

FOR YOUR PROTECTION This site does not recognise e-mail addresses of visitors, and individual e-mail addresses are not captured unless explicitly provided.

If you provide us with your e-mail address you may receive communications from us in the future. If you do not wish to receive e-mail messages from us, we will remove you from our databases on request.

E-mail addresses will not be sold or disclosed to any other parties.

cookies and sessions

To make life easier for you while using this website, we use a technology called 'cookies'. Cookies are solely for your benefit, they are used to recognize your computer whilst you navigate through this website. They help increase the security of any information you do supply us with, and are terminated after you have finished browsing this site.

javascript and pop-ups

To add functionality and ease of use we utilise javascript. This includes using javascript to open what are commonly known as 'pop up' windows. Whilst many sites employ these often annoying features as advertising, we utilise them for necessary navigation and providing extra information. We recommend you set your pop-up blocker to 'Medium'. This will enable windows to open only on your command. We never use Javascript to load programmes onto your computer, nor do we use adware or spyware, or for any other non-essential use.
